## EcovaPure ${ }^{T M} H^{\text {P }}$

## PRODUCT SPECIFICATION

## Description

EcovaPure ${ }^{T M} H D L^{p}$ is a premium high-density lipopeptide ( $\mathrm{HDL}^{p}$ ) concentrate, containing a minimum of 90\% high density lipopeptides. Our ahead-of-the-curve EcovaPure ${ }^{T M}$ processing technology produces clean, high-quality egg yolk products efficiently and at lower costs than standard methods. Ecovatec's processing meets consumer preferences for natural egg proteins and lipids that aren't contaminated and denatured by harsh solvents. Ecovatec's $\mathrm{HDL}^{\mathrm{p}}$ is extracted from $100 \%$ pasteurized egg yolk from Canadian egg producers, located near quality grain sources.

## Applications

EcovaPure ${ }^{T M}$ HDL is ideal for turning into a nutritional supplement in pill form. Many studies have articulated the benefits of dietary HDL and its ability to support a healthy heart and circulatory system.

## Shipping Information

| Source: | $100 \%$ Pasteurized Canadian <br> Egg Yolk |
| :--- | :--- |
| Appearance: | Light yellow powder |
| CAS No. | None |
| HS Code: | 2923.2000 |

## Specifications

High-Density Lipopeptides >85\%

| Test Items | Specifications | Analytical Values | Method |
| :--- | :---: | :---: | :---: |
| Appearance/Color | Yellow- light yellow | Passed | Visual |
| Appearance/Form | Fine Powder | Passed | Visual |
| Total HDL $^{\boldsymbol{p}}$ (protein + fat) | $>85 \%$ | $90.2 \%$ | Protein + Fats |
| Protein | $>40 \%$ | $50.4 \%$ | AOAC 990.03 |
| Fats | $>35 \%$ | $39.8 \%$ | AOCS 954.02 |
| Moisture | $<5 \%$ | $2.4 \%$ | AOAC 935.29 |
| Ash | $<10 \%$ | $7.7 \%$ | AOAC 942.05, 923.03 |
| Heavy Metals* - As, $\mathbf{H g}$, Pb, Cd | NMT 10 ppm | NMT 10 ppm | ICPMS |
| Aerobic Plate Counts | NMT 20,000 cfu/g | NTM 10,000 cfu/g | MFHPB-18 |
| Coliform | Not Detected | Not Detected | MFHPB-34 |
| Salmonella | Not Detected | Not Detected | MFHPB-20 |

* Tests are not conducted per lot.

## Packaging and Storage

Packaging: Available in 500 g or 1 kg bags, with multiple bags in a box for larger orders.
Storage: Keep cool and dry, no higher than $10^{\circ} \mathrm{C}$
Expiry: $\quad 2$ years from manufacturing date*

* (from manufacturing date - unopened and stored at recommended specs).
