## EcovaPure ${ }^{\text {TM }}$ PL-20H

## PRODUCT SPECIFICATION

## Description

EcovaPure ${ }^{T M}$ PL-20H is a hydrolyzed version of EcovaPure ${ }^{\text {TM }}$ PL-20, a premium egg yolk phospholipid containing a minimum of $20 \%$ phospholipids. The hydrolyzation process modifies the associated lipid/protein structures resulting in increased solubility and miscibility in water, making it a better emulsifier than our standard PL-20 product. Our ahead-of-the-curve EcovaPure ${ }^{\text {TM }}$ processing technology produces clean, high-quality egg yolk products efficiently and at lower costs than standard methods. Ecovatec's processing meets consumer preferences for natural egg proteins and lipids that aren't contaminated and denatured by harsh solvents. Ecovatec's phospholipids are extracted from 100\% pasteurized egg yolk from Canadian egg producers, located near quality grain sources.

## Applications

EcovaPure ${ }^{\text {TM }}$ PL-20H has a broad range of useful applications. It is used as a food ingredient to not only boost nutritional value but to serve as an emulsifier and binder. It is used in many baked goods, ice cream, and chocolate. EcovaPure ${ }^{T M}$ PL-20H also has applications for nutraceuticals, dietary supplements, as well as cosmetic products. It's dry powder form makes it easy to use and store.

## Shipping Information

| Source: | 100\% Pasteurized Canadian <br> Egg Yolk |
| :--- | :--- |
| Appearance: | Pale-Yellow Powder |
| CAS No. | $93685-90-6$ |
| HS Code: | 2923.20 .00 |

## Specifications

Phospholipids 20\%
Phosphatidylcholine
16.8\%

Phosphatidylethanolamine
2.45\%

Others
0.75\%

| Test Items | Specifications | Analytical Values | Method |
| :--- | :---: | :---: | :---: |
| Appearance/Color | Light orange-yellow | Passed | Visual |
| Appearance/Form | Fine Powder | Passed | Visual |
| Total PL | $>20 \%$ | $20.4 \%$ | ICPMS |
| Moisture | $<5 \%$ | $1.7 \%$ | AOAC 935.29 |
| Ash | NMT $10 \%$ | $8.4 \%$ | AOAC 942.05 |
| Heavy Metals* - As, Pb, Hg, Cd | NMT 10 ppm | NMT 10 ppm | ICPMS |
| Aerobic Plate Counts | NMT 5,000 cfu/g | NTM 100 cfu/g | MFHPB-18 |
| Coliform | Not Detected | Not Detected | MFHPB-34 |
| Salmonella | Negative | Negative | MFHPB-20 |
| E. coli | Not Detected | Not Detected | MFHPB-34 |

* Tests are not conducted per lot.

## Packaging and Storage

Packaging: $\quad 500 \mathrm{~g}$ or 1 kg bags, boxed together if order exceeds 1 kg .
Storage: $\quad$ Cool - Dry (no higher than $10^{\circ} \mathrm{C}$ )
Expiry: 2 years*

* (from manufacturing date - unopened and stored at recommended specs).
